V. Visitors and Communications

A. Ambulance Department

- 1. Fundraiser: Mr. Tornstrom, Director, request the City to provide the necessary money for initial spending to fund a fundraiser for the ambulance department. Perhaps these monies could be provided from the municipal liquor store fund, rather than the general fund.

Council Action:

- 2. Uniform Allowance: Mr. Tornstrom requests the Council authorize a uniform allowance distribution among the ambulance attendants.

Council Action:

- 3. Non – Profit Foundation: Mr. Tornstrom further requests that the Council authorize ambulance personnel to create a 501C3 Non-Profit Foundation.

Council Action:

- 4. Township Meetings: Being again the time of year to make financial reports to the various townships which subsidize the Caledonia Ambulance Service, the question has come up by one town board member to conduct a single meeting and invite all townships, as opposed to City staff visiting each township separately at one of their monthly board meetings. We can discuss this issue further at the meeting.

Council Action:

VIII. New Business

- A. Pager Warranty / Maintenance Agreement: I will discuss this with you at the meeting.

- B. Municipal Liquor Store Staffing: The Council Committee (Lemke & Murphy) will make a recommendation for appointment to the position of liquor store assistant manager. That position was vacated some weeks ago when Elaine Schoh resigned.

Council Action:

- C. Proposed Utility Rate Increases: Stephanie Mann, Accountant and I recommend to the Council consideration for increases in the water & sanitary sewer utilities. For the water charges, we recommend an increase of \$.50 to the base charge and \$.10 to the usage charge, increasing the usage charge from \$1.20 per hundred cubic feet to \$1.30 per hundred cubic feet. For the sanitary sewer, we recommend a base rate increase of \$.50 and a usage increase of \$.30 from \$2.45 per hundred cubic feet to \$2.75 per hundred cubic feet. We recommend that the base rate increase would effective May 1, 2009, and the usage increase would be effective August 1, 2009. Based on those dates, users would be aware of the increases before they begin to use the service which would result in the increased billing.

Addendum #10
- D. Police Department: Enclosed is the Officer Activity List and Officer Activity Summary for March 2009. Also enclosed is a Crime Summary Report which is the only alternate format they were able to run from the state program at this time. Addendums #11, #12 & #13

- F. Recreation Committee: The Recreation Committee held a meeting on April 7th. At that meeting the group discussed how they might implement the \$5,000 savings directed by the Council, reviewed the need for paid coaches, unless more persons volunteer as parent coaches. At the moment there are five coaches needed all together for baseball and softball teams. Britney Beneke reported that \$1,600 had been collected from sponsors thus far. She said approximately 40 less children are signed up at this time than the total children signed up for last years athletic activities. Last year there was one team of 14 & under boys' baseball. This year there are only 5 applicants for that 14 & under team. Ms. Beneke said she may have to devote more time to her Girl Scout employment because of changes taking place there. The Recreation Committee would like the batting cage setup as soon as possible.
