V. Visitors and Communications
   A. Administrative Coordinator:
      1. Zoning Application – Sunny Benson: A Zoning Application has been submitted by Sunny Benson, 220 North Kingston Street, proposing to construct a wooden deck on the front of the home. The deck meets all setback requirements, it is being brought before the Council because the deck is proposed to be 6’ deep plus steps, therefore resulting in the house no longer being aligned with the other houses on the street, see picture #1. Mike Gerardy, Administrative Coordinator, will explain further at the meeting. Addendum #2

   Council Action:

      2. Zoning Application – Peterson: James Peterson, 448 West Sunnyside Drive, wishes to build a second utility shed on his property, this utility shed will be 7’ x 7’. A variance will need to be granted, but Mr. Gerardy would like to get the opinion of the Council prior to going through the variance process. Addendum #2a

      3. Other Topics:

   Council Action:

   B. Bob Buege, Water Usage: Tony Klug, Water/Waste Water Superintendent, will be present to discuss his review of the other water meter usages for the Sunnyside lift station. The proposed bill is once again enclosed for your review. Addendum #3

   Council Action:

   C. Ambulance Department
      1. Rate Change – Increase: It is proposed to increase the Ambulance Rates by 10% due to Medicare. A 10% increase will put us slightly above the Medicare Base Fee, which is the amount they allow to be billed to the patient. Further, it is recommended by Mike Tornstrom, Director, to implement an Advanced Life Support Charge and a No Transport – Care Given charge. Typically if a patient needs advanced life support, they are transported into a Tri-State ambulance, whereupon Tri-State attendants take over the care of the patient. We bill Tri-State $250, and Tri-State bills the patient. Mr. Tornstrom suggests that when advanced life
support is needed, the patient does not leave our ambulance, rather the Tri-State attendant's would get into our ambulance. He will further explain this at the meeting along with his recommendation for a No Transport – Care Given charge. Addendum #4

Council Action:

2. Collections: Currently the City of Caledonia has an agreement with Credit Bureau Data, Inc., to collect the uncollected ambulance bills. When Winona Area Ambulance Service took over the billing to patients it was agreed upon that we would be responsible for submitting the information to Credit Bureau Data Inc. for collection; however this has not been done. Winona Area Ambulance Service now states they are able to forward the information needed for collections to Credit Bureau Data, Inc. The additional service will cost approximately $20 - $25 a month. An account must be 180 days past due before it is submitted to collections, currently we have approximately $25,000 that is eligible for collections. Does the Council wish to have Winona Area Ambulance Service perform this additional service? I have enclosed the Credit Bureau Data, Inc., agreement for your information. Addendum #5

Council Action:
