A. MINUTES OF PAST MEETINGS: To approve the minutes of the Regular Meeting held Monday, March 26, 2007, as presented.

VISITORS AND COMMUNICATIONS

A. AFLAC INSURANCE PRESENTATION: Michael Carney, Representative, gave a brief presentation of the insurance plans his company could offer City of Caledonia Employees, they included Short Term & Long Term Disability, Dental, etc... He stated a minimum of 3 employees must participate in order to start a plan and the employee must work 30 hours a week minimum to qualify for the plan. Benefits are paid to the employee and are above any other plan they may have. Following the presentation the Council agreed that the labor associations can make the decision on whether to participate with Aflac Insurance.

B. WATER USAGE – BOB BUEGE: Bob Buege, 210 East Adams Street, was present to contest the water bill charge stemming from a broken water meter which froze while he was on vacation. Tony Klug, Water / Waste Water Superintendent, had the broken water meter on hand and demonstrated how the meter still turns even though the meter froze and broke, he explained the meter still works because it is mechanically driven by the water and must go through the meter chamber before escaping out the bottom of the meter, where it is made to break if it freezes. Mr. Klug also presented documents showing an increase in lift station pumping hours during the time the water meter broke. Normal lift station readings are 2.14 hours per day and they increased to 5.89 hours per day while the meter was broken. Mr. Buege suggested maybe other residents were adding more water than normal to the lift station than just him. Mr. Klug stated that April is water reading month and after all meters are read during the week of April 16th any and all residents that feed the Sunnyside lift station can be checked for abnormal water readings. Following discussion, it was agreed that the meters would be checked and the Buege's will be invited back to a future meeting.

C. ZONING APPLICATION – DOERING: Loren and Janice Doering, 218 North Pine Street, presented their Zoning Application proposing to construct an addition of 1,736 square feet to his existing house, the additions are an 18' x 22' Bedroom; 18' x 30' Kitchen/Dining; 14' x 16' Deck; and, 24' x 24' attached garage. The garage addition is proposed to be located approximately 10' from the south (rear) property line, therefore requiring a setback variance of 20' on the south (rear) property line. Comment was made on the current garage, Mr. Doering stated that it is actually a utility room and he plans to take out the garage door and replace it with an entry door. Following discussion, a motion was made by Member Standish, seconded by Member Fisch, to approve the Zoning Application and grant a 20' setback variance on the south (rear) property line, all members presented voted in favor and the motion was declared carried.

D. ZONING APPLICATION – RANZENBERGER: Brandon Ranzenberger, 607 South Winnebago Street, presented his Zoning Application proposing to construct a 20' x 30' detached garage, to be located approximately 5' from the north (side) property line, requiring a 5' setback variance. Mention was made that his driveway is 1' from the north property line, the 5' setback variance is needed in order to have a large enough garage door to enter. Following discussion, a motion was made by Member Standish, seconded by Member Vick to approve the Zoning Application and grant the 5' setback variance on the north (side) property line. Members voting in favor: Fisch, Standish and Vick. Opposed: Klug. The motion was declared carried.

OLD BUSINESS

A. PART-TIME POLICE DEPARTMENT POSITION: Mike Gerardy, Administrative Coordinator, informed the Council that Jessica Lewis decided not to return as a Part-Time Police Officer due to other commitments.

B. LIQUOR STORE ALARM SYSTEM: Mr. Gerardy presented a quote from Ace Communications Group in the amount of \$617.92 for installation and programming of an auto dialers system for emergency notification to the local law enforcement center. Following discussion, a motion was made by Member Standish, seconded by Member Vick, to authorize purchase of the alarm system for an estimated price of \$617.92. All members voted in favor and the motion was declared carried.

NEW BUSINESS

A. SEWER PLANT FENCE: Mr. Gerardy explained why a new fence was needed around the City lot along Old Highway Drive. He stated they wanted to turn this into the light department storage yard for poles, wire rolls, pedestals and the like. He commented that yard space is going to be limited due to the new light department shop and salt shed that are being built. If the new fence is built, it would have a separate driveway other than the current one by Brad's Electric and a 30' gate would be installed to accommodate semi tractor trailers and also the fence itself would have plastic slats put in it to isolate the yard from public view. Following discussion, the Council directed Mr. Gerardy to get an estimate for a future meeting.

B. AED UNITS: Mr. Gerardy stated he met with Legion Representatives on April 3 to explain the AED Units. The Legion agreed to purchase the Unit for the Auditorium basement. A motion was made by Member Fisch, seconded by Member Standish, to accept the donation from the American Legion Club for purchase of an AED Unit for the Auditorium basement, all members present voted in favor and the motion was declared carried. Further, a motion was made by Member Fisch, seconded by Member Standish to purchase 2 AED Units, one for City Hall and one for the Police Department at a cost of \$1,410.00 each from Minnesota Safety Council. All members present voted in favor and the motion was declared carried.

C. LEASE AGREEMENT – STATE OF MINNESOTA: The Minnesota Department of Public Safety wishes to extend the Lease Agreement for the Motorcycle Skill Test Course on McKinley Street and Marshall Street. The extension would be from July 1, 2007 through June 30, 2009. Further, they requested a Resolution be passed approving the Lease Agreement. Following discussion, a motion was made by Member Fisch, seconded by Member Vick, to extend the Lease Agreement for the Motorcycle Skill Test and approve the Resolution, all members voted in favor and the motion was declared carried.
