VII. New Business

B. Audit Report: Does the Council wish to hire the City’s Auditor, Tostrud & Temp, to make a report to the Council on findings, concerning the financial soundness of various funds, projecting the need for rate increases on a periodic basis, and the like?

Council Action:

C. Drug Testing Policy: A suggestion was made by a Council Member to have drug testing performed on city employees, such as police officers, in addition to truck drivers. The discussion then moved to a consideration for having all city employees subject to random drug tests. I contacted the League of MN Cities, asking about the circumstances of mandating drug tests, particularly whether or not it could be enforced by a policy of the City Council or if it had to be negotiated through the labor agreement. The League representative said the Council may adopt a policy and mandate drug testing for employees, but if any portion of the drug test is to be paid for by the employee, that has to be negotiated through the labor agreements. The League Representative is checking to see if there is a model policy which they will send us and we can adapt to the City of Caledonia, if the Council chooses to mandate drug testing.
Council Action:

D. Identity Theft Policy: Stephanie Mann, Accountant, obtained a model policy statement from the Minnesota Municipal Utilities Association and tailored it to the City of Caledonia. New laws mandated that an identity theft policy be implemented on or before May 1. While we are a bit late, the policy is ready for Council approval and we recommend its approval. Addendum #7
