He further stated the need for some equipment upgrades and the like. The Council thanked him for coming to the meeting to introduce himself and give his report.
- B. ADMINISTRATIVE COORDINATOR TOPICS:
  - 1. JANEEN JOHNSON ZONING: Administrative Coordinator Gerardy stated that Janeen Johnson, 514 South Pine Street, would like to enclose a 15' x 26' existing carport. By doing so this would be an addition to the existing garage. The proposed project would be located approximately 2' from the north property line. Mr. Gerardy shared that the total square footage of the proposed project would be 726 square feet and her lot allows a 800 square foot garage. Mayor Burns noted

that the current garage is already 2 feet from the property line, therefore a motion was made by Mayor Burns, seconded by Member Lemke, to approve the 2' setback variance on the north (side) property line. All members voted in favor and the motion was declared carried.

2. CALEDONIA POLICE RESERVE SIGN: Member Vick stated that the American Legion donated \$250.00 to the City for the purchase of a sign. The City decided not to purchase a sign do to the cost. Member Vick asked if the money the American Legion donated could not be passed through to the Police Reserves. The consensus of the Council was that the City could do that. Further, Member Vick asked if the City would like to set a price for organization's to plug into the electric outlet at the Ambulance/Police Department garage. The Council decided to suggest a \$10 donation be made to cover the cost of electrical expenses.
3. APPRAISAL: Administrative Coordinator Gerardy shared that the City has to have the land for the proposed future Waste Water Treatment Plant appraised by a level 4 appraiser. This appraisal is required for the City to be eligible for any kind of State grants in the future. The proposed site is a 5 acre property on County Road 5 where the sanitary sewer outfall ends now; therefore it is the preferred site. Mr. Gerardy shared that after the appraisal is completed, the City can meet with the property owner and enter in a Purchase Agreement and First Right of Refusal. Member Murphy commented he would like to see the purchase option read that the City would not be obligated to purchase the land if further expansion is not needed. It was further noted that the City would be no way obligated to act on the purchase agreement if the development of a new Waste Water Treatment Plant is not needed. Following discussion, a motion was made by Mayor Burns, seconded by Member Fisch, to authorize payment of up to \$4,000 for a level 4 appraiser. All members voted in favor and the motion was declared carried.
4. CLEAN ENERGY RESOURCE TEAMS MEETING: Administrative Coordinator Gerardy distributed a meeting notice from Southeast CERT. The meeting will be Wednesday, August 22, 2012, in Oronoco, MN. Member Murphy indicated he will attend if the City van is available. The Council concurred that if the City van is not available, Member Murphy would be paid mileage for his attendance at the meeting.
5. WORK SCHEDULES: Administrative Coordinator Gerardy asked if Ryan Skillings and Coady Heiderscheit, Water / Waste Water Operator's, could work a full 40 hour week and be compensated overtime pay for their 6 hours worked on the weekend's while the Sewer Rehabilitation Project is going on instead of having to take the 6 hours off during the week. Mr. Gerardy stated he felt having Ryan and Coady around during the project would be a wonderful learning experience for both of them as well as beneficial to the City so the contractors could ask them questions and make sure things are done the way we prefer versus the contractor choosing how to install something. The Council agreed with Mr. Gerardy, the only question was if they could stagger their hours so we had more coverage since the contractors may choose to work until 6:00 or 7:00 p.m. and the normal work day concludes at 3:30 p.m. Mr. Gerardy stated he would speak with Ryan and Coady.

C. CITY ACCOUNTANT TOPICS:

1. CASH AND INVESTMENTS SCHEDULE: City Accountant Stephanie Mann reviewed the Cash and Investments Schedule. She made mention that the LGA was received in the amount of \$416,005.50. Discussion took place on whether to have the separate ambulance fund; the consensus was to discuss this item in November 2012 and if so, have the ambulance fund be changed to reflect a calendar year.
2. BUDGET WORKSHEET: Ms. Mann reviewed the budget worksheet through June 30, 2012.
3. LONG TERM DEBT SCHEDULE: Ms. Mann reviewed the long term debt schedule, there were no questions.
4. 2011 AUDIT REVIEW: Ms. Mann briefly highlighted a few items from the 2011 Audit that was prepared by Tostrud and Temp. Member Murphy asked Ms. Mann to send out a response for the actions being taken to resolve the issues cited in the Management Letter.

D. COMMUNICATIONS: None.

#### OLD BUSINESS

A. FIRE TRUCK FINANCING: Neal Staplekamp with Alexis Air was present to discuss the final financing agreement from First Banker's Corporation for the new fire truck. Interim City Clerk – Administrator Paul Sparks made notation of the higher yearly payment of \$31,236.62 instead of the \$30,664 which was originally approved. The reason for the higher annual payment is holding off on the first payment until January 2014 instead of June 2013. By having the first payment scheduled for January 2014 the City would have to pay \$572.62 annually for a ten year period. Discussion took place on when the City would like to make their payment; the Council indicated they would have to talk to the Rural Fire District before anything is final. Following discussion, a motion was made by Mayor Burns, seconded by Member Fisch, to approve the Municipal Lease and Option Agreement, with notation that the refinancing of the lease agreement be checked to see if the payment could be changed back to June 2013 instead of January 2014 and the final decision be deferred to the Council Committee for authorization and authorizing the Mayor to sign on behalf of the City. All members voted in favor and the motion was declared carried.
