VISITORS AND COMMUNICATIONS.

A. PUBLIC HEARING: ZONING ORDINANCE AMENDMENT. Mayor Burns recessed the Regular Meeting at 6:18 p.m. and opened a Public Hearing to consider a request by Ma Cal Developers to amend the City's Zoning Ordinance, Section 153.154, thereby eliminating the 150' rear setback for industrial property that abuts a residential district or school property. Dusty Lange, 920 Courtney Drive, was present to state that he would like to see the 150' rear setback for industrial zoned property to remain as it currently is. John Esch, Ma Cal Developers, stated that the lots he owns are useless with the 150' rear setback. Esch went on to state that as soon as potential buyers find out there is a 150' setback, they walk away. Esch told the Council that the next time around Ma Cal Developers will be asked to come through this door. Member Vick stated that the issue at hand is the setback requirement. Mayor Burns directed the audience to a map of Caledonia and pointed out the areas of town affected by the 150' rear setback requirement. Member Murphy asked Gary Kruckow, Ma Cal Developers, how many variances have been denied. Kruckow stated none. Member Murphy then asked if there have been any prospective buyers that have come to Ma Cal Developers and asked about obtaining a variance for the setback. Kruckow stated he wasn't sure what Member Murphy was getting at. Member Murphy noted that the Council is willing to work with potential developers. Esch remarked that the lots are useless with the 150' rear setback and then asked what the City would do if there was a business interested in coming to town that could provide a large number of jobs. Mayor Burns countered this statement by noting that they might be considered useless without a variance and

that the Council would work with a prospective business if it would be good for the community. Member Lemke noted that the setback requirement was 50' when the development moved in there and it wasn't until 2008 that the 150' was imposed. Member Vick stated that she wished the rest of the neighbors would have received letters and would like to see more input from the public. Administrative Coordinator Mike Gerardy noted that when more than 5 acres is affected by a proposed zoning amendment, the City is only required to publish a notice in the paper. Gerardy went on to note that no letters were sent out to property owners in 2008, when this issue was last discussed. Mayor Burns asked Ma Cal Developers if they would be satisfied with a 100' setback. Esch stated he wasn't sure yet but that he would like to see the 150' rear setback reinstated. When there were no further comments, Mayor Burns closed the Public Hearing at 6:53 p.m. and resumed the Regular Meeting. A motion was made by Mayor Burns, seconded by Member Lemke to amend Caledonia Ordinance, Section 153.54, in which the 150' rear setback would be reversed back to 50' for industrial zoned lots. Voting in favor: Mayor Burns and Member Lemke. Voting against: Member Murphy and Member Vick. Absent from the meeting: Member Perry. The motion failed for a lack of a majority as there was a 2-2 tie. The matter will be revisited at the August 9, 2010 meeting.

B. PUBLIC HEARING: CONDITIONAL USE PERMIT. Mayor Burns recessed the Regular Meeting at 6:55 p.m. and opened a Public Hearing to consider Lynette Privet's request for a conditional use permit to operate an in-home daycare center and beauty salon. Privet resides at 324 East Madison Street in Caledonia, which is classified as an R-1 Suburban Residential District. Staff noted that letters were sent to all property owners within 350 feet of the Privet residence. Privet stated that she intended to operate an in-home daycare center during the day and a beauty salon during the evening. Discussion ensued concerning allowable signage and parking restrictions. Privet noted that she would not operate the daycare and beauty salon at the same time. Privet went on to state that there would be no more than 1-2 vehicles at a time and any possible signage would not exceed 4'x4'. Mayor Burns then closed the Public Hearing at 7:10 p.m. and resumed the Regular Meeting. A motion was made by Mayor Burns, seconded by Member Lemke to grant a conditional use permit to Lynette Privet, located at 324 East Madison Street, to operate an in-home daycare center and beauty salon. All members present voted in favor and the motion was declared carried.

Mayor Burns emphasized that community support is necessary to make the improvement possible.

C. 2010 INSURANCE RENEWAL INFORMATION. Enclosed with the agenda was a letter to the Council from the City's Insurance Agent Tom Danielson summarizing the City's 2010 insurance renewal package. In Danielson's letter, he noted the following rate changes for 2010: municipal liability rates increased 3%; property rates stayed the same; auto liability rates decreased 4%; auto physical damage rates decreased 6%; and workers compensation rates decreased 2%. Other factors that may have affected the City's premiums other than rate changes would include changes in the City's expenditures and wages in addition to adding new property and vehicles. City Clerk/Administrator Feely noted that if there were any further questions, Danielson would be willing to attend an upcoming meeting to discuss the renewal information in more detail with the Council. A motion was made by Mayor Burns, seconded by Member Vick to accept the 2010 insurance renewal. All members present voted in favor and the motion was declared carried.
