A. MINUTES OF PAST MEETINGS. To approve the minutes of the Regular Meeting held Monday, July 23, 2012 and the Special Meeting held Monday, July 30, 2012.

VISITORS AND COMMUNICATIONS.

A. JOE KAMPSCHROER – HANDICAP ACCESSIBILITY: Mr. Kampschroer addressed the Council with his concerns over the lack of handicap ramps on various streets in Caledonia, particularly West Washington Street where it intersects with Ramsey Street. He also discussed if the markings could be better on the streets. The Council thanked him for coming forward with his concern and asked that he write down the specific areas he would like addressed and to give that information to Mike Gerardy, Administrative Coordinator.

B. TOM DANIELSON – INSURANCE REVIEW: Tom Danielson, City Insurance Agent, was present to discuss the July renewal of the City Insurance Policies. He drew attention to the Worker's Compensation Insurance, stating that the increase was significant, however, they take the previous three years data (2009, 2010 & 2011) of health claims and during those years the City of Caledonia had some significant claims. He thought that next year the rating should go down. Member Murphy inquired as to why the 2009 Dodge Van for the Electric Department had a replacement cost of \$25,000 when we could replace the van with a used one. Mr. Danielson also shared that there would be no additional insurance premium charge for the proposed slide and climbing wall for the new aquatic center.

C. TONY KLUG: The Council requested Mr. Klug, retired Water / Waste Water Operator, attend the Council Meeting. The Council asked if Mr. Klug would be willing to return on a part-time basis to perform the Class A duties at the sewer plant. Following discussion, a motion was made by Mayor Burns, seconded by Member Fisch, to notify Stantec, the current Class A License Holder, that the City of Caledonia would be giving 30 notice of contract termination. Therefore, writing a contract for Mr. Tony Klug to serve as the Class A Operator as a self-employed person at the rate of \$45 per hour for 6 hours per week. All members voted in favor and the motion was declared carried.

D. MATT BLOCKER – CITY ELECTRICIAN

1. ADDITIONAL WORK – KARIAN PETERSON: Matt Blocker, City Electrician presented three quotes he received from Karian Peterson for additional work for them to perform while in Caledonia. The first quote was for work by the Jim Hoscheit residence on County Road 5, the cost was \$4,780. The second quote was to move power across the road at the County Road 249 and South Winnebago Street intersection. The new line would provide power to the new street light to be installed at the Woman's Resource Center. The work needs to be completed before the construction of County Road 5 begins; the cost was \$3,720.85. The third quote is to bury current overhead service to underground on North Decorah Street, the cost was \$3,274.60. Following discussion, a motion was made by Mayor Burns, seconded by Member Lemke, to authorize the above mentioned improvements as recommended by Mr. Blocker, the work to be done at Mr. Hoscheit's residence would be billed to Mr. Hoscheit and the cost for the other two projects would be added to the total cost of the 2012 Light Department Project. All members voted in favor and the motion was declared carried.
2. 2012 ELECTRIC PROJECT EXTENSION: Mr. Blocker shared that due to the hot summer and other minor issues, the 2012 Electric Project will not be completed by September 1<sup>st</sup> as the contract states. The Council agreed by general consensus that the engineers should draft a letter to Karian Peterson requesting a 30 day extension to the contract.
3. MNDOT HIGHWAY 44 PROJECT: Mr. Blocker informed the Council that some contractors hit a live wire on the Pedestrian Path while working on the Highway 44 Project. Mr. Blocker stated the live wire was for the street lights that are placed next to the path. He feels that once the new street lights are installed on the completed highway; the old lights will not be needed as there should be sufficient lighting. The Council instructed Mr. Blocker to keep track of the time and equipment that were used as well as any materials used to repair the wire if the City decides they want the existing lights to be operational again.

E. ADMINISTRATIVE COORDINATOR TOPICS:

1. ZONING APPLICATION – ROSS MEYER: Administrative Coordinator Gerardy shared that Ross Meyer, 1018 East Main Street, would like to construct a 10' x 20' raised wooden deck on the front of his home. The proposed construction would require a 10' setback variance from the north (front) property line. Following brief discussion, a motion was made by Mayor Burns, seconded by Member Lemke, to grant the 10' setback variance from the north (front) property line. All members voted in favor and the motion was declared carried.
2. ENTERPRISE FUND COMMITTEE – WATER METERS FOR MOBILE HOME PARKS: Mr. Gerardy shared that Mike Rogich wants to install the new automatic read water meters at his mobile home parks himself. During discussion, it was decided that Mr. Gerardy should take pictures of the current water meter setup and pictures again after the installation is completed. Further, The Council directed Mr. Gerardy to draft a contract with Mr. Rogich, clearly stating a timeline for the meter installation to be completed. The contract should be presented to the Council at the August 27<sup>th</sup> meeting.

3. HAUL ROUTES FOR HIGHWAY 44 PROJECT: Mr. Gerardy shared that a representative from MNDOT asked if they could use North Kingston Street as a haul route while paving Highway 44. He stated that MNDOT is requesting use of North Kingston when the dump trucks are full and empty. During discussion, the Council agreed that dump trucks could use North Kingston Street only when empty and when the paving is being completed of the beltline; which is Main Street to North Kingston Street. During the remainder of the project to Hokah, they should use other routes.
  
4. SIDEWALK EXTENSION: Mr. Gerardy shared that he contacted Kathy Nelson from the Arlin Falck Foundation and she agreed to extend the \$10,000 grant the City received for the sidewalk extension to the Four Season's Community Center until the Spring of 2013. The Council suggested that be the first project of the 2013 season.

F. COMMUNICATIONS: None.
