   property line at 310 N. Ramsey St.: At 6:37 p.m. Member Burns moved to adjourn the regular meeting
   and open a public hearing on an application by Caledonia Oil for a setback variance of 23 feet so that
   Caledonia Oil could construct a 14’ x 24’ garage (336 sq. ft.) on the west side of the current building.

   passed. The public hearing was opened at 6:37 p.m. Public Works and Zoning Director Casey Klug
   reported that notices were sent to all properties within 350 feet. Klug reported that the proposed addition
   would line up with the building on the adjacent property (on the north side) and would not be closer to N.
   Ramsey St. than the buildings on the two parcels directly south of 310 N. Ramsey Street. At 6:41 p.m.
   Member Vick moved to adjourn the public hearing and reconvene the regular City Council meeting.
   Member Burns seconded the motion. All members present voted in favor of the motion, and the motion
   passed. The regular City Council meeting was reconvened at 6:42 p.m.
   
b. Consideration of application by Caledonia Oil for setback variance of 23’ to be 7’ from west
   property line at 310 N. Ramsey St.: On the basis that no neighboring property owners objected to the
   setback variance and the proposed building would not be closer to N. Ramsey St. than the buildings on
   the properties to the north and south of the property, Member Burns moved to approve the setback
   variance of 23 feet on the west side so that Caledonia Oil could construct a 14’ x 24’ garage 7 feet from

Consideration of lifeguard certification reimbursement policy: Swann reported that the proposed lifeguard certification reimbursement policy would document the current City policy of reimbursing lifeguards for the cost of obtaining their water safety instructor certification. The policy would authorize the City to reimburse lifeguards for the cost of obtaining their lifeguard certification. Swann reported that other cities with municipal pools reimbursed lifeguards for obtaining their lifeguard certification. Swann noted that the City typically paid the cost to have instructors recertify City lifeguards, so it made sense to cover the initial certification.
