PUBLIC COMMENT:
a. Two Caledonia Township residents from Green Acres development, Matt Schuldt and Kevin Weichert, were present to discuss repairs and maintenance of the portion of Green Acres Drive in the City limits. Schuldt voiced concerns over the deterioration of the 300 feet of road and would like the City and Township to work something out. He said the road provides access for 48 residents and has fears the condition will get worse as winter comes to an end. Robert Ellenz of the Caledonia Township board was also present. He discussed that he was not aware that the City had offered to cost share in the repairs during the summer of 2020 and that the township had turned down the offer. Ellenz would also like to work together with the City to resolve the issue and get the road repaired. It was the consensus of the Council members that City staff should contact Township officials to work out an agreement.

PUBLIC WORKS/ZONING DIRECTOR: None.
FINANCE OFFICER/DEPUTY CLERK:

a. **Report on final budget v. actual for 2020 (pre-audit):** Finance Officer Stephanie Mann reported on the final budget versus actual for all funds for year-end 2020. Mann reported that the general fund did net revenues over expenditures of $125,397. This surplus comprises savings from various areas, including the following:

    - Athletic Field: $21,515
    - Legal: $15,837
    - Streets, etc.: $13,419
    - PD: $9,957
    - Street: $8,176
    - Parks: $6,978
    - Pool: $6,802
    - Sidewalk: $6,481
    - Tree site: $4,580

The plan would be to possibly transfer some of the excess to the Capital Improvement Fund for future street improvements.

UNFINISHED BUSINESS:

a. **Discussion re City’s utility customer policies and procedures re voluntary removal of water and electric meters:** Mann reported that Assistant to the Clerk/Administrator Carson Coffield researched the policies that other cities have in regards to voluntarily removing meters and compiled a list of the cities he contacted. In the findings, it seems that each city handles the situation differently. City staff proposed a $50 disconnection fee for each service (ie: water, sewer, electric) and the reconnection fee would be the connection fee we charge for new services (ie: water $100 and sewer $250). After discussion, Council agreed they would like to discourage owners from temporarily disconnecting services to avoid base charges and that building owners are required to keep at least one water, sewer, and electric meter in the building. Council questioned whether such a high fee for sewer was necessary when there is nothing to disconnect for a sewer service. Mann reported she will discuss the concerns with City Clerk/Administrator Swann and bring information back to the next meeting.

NEW BUSINESS:

a. **Consideration of proposal to transfer $100,000 of net income from 2020 General Fund budget to 352 Capital Improvement Fund for future street improvements:** Mann discussed the General Fund net revenue over expenses of $125,397 for 2020. With the transfer of $100,000, that would leave $25,397 to be added to the unassigned fund balance for the general fund. This would put the fund balance at approximately 64% at the end of 2020. Member Ninneman moved to approve the transfer of $100,000 of net income to the Capital Improvement Fund for future street improvements. Member Fitzpatrick seconded the motion. All members present voted in favor of the motion, and the motion passed.

b. **Discussion re future water and sewer rates:** Mann presented possible increases in water and sewer rates to be implemented July 2021 and thereafter. Water rates would be increased in July 2021 and July 2022 to adjust for the new bond from the MN Public Facilities Authority for well #8 and the future bond for the well house. Sewer rates would be increased July 2021 and then annually thereafter for 3 years to adjust for the new bond for the new WWTP. After
discussion Council decided Member Klug would return for the next council meeting and they would approve the rate increases at that time.

c. **Prepaid claims:** Council reviewed the prepaid claims for the period February 10, 2021 – March 3, 2021, which totaled $454,632.59. Member Rykhus moved to approve the prepaid claims as presented. Member Ninneman seconded the motion. All members present voted in favor of the motion, and the motion passed.

d. **Claims payable:** Council reviewed the claims payable for March 2021, which totaled $38,062.84. Member Schroeder moved to approve the claims payable as presented. Member Fitzpatrick seconded the motion. All members present voted in favor of the motion, and the motion passed.

e. **Overtime Report:** Members reviewed the overtime report for the pay period February 8, 2021 – February 21, 2021. No further action was taken by the Council.

**ANNOUNCEMENTS:**
a. The next regular City Council meeting was scheduled for Monday, March 22, 2021 at 6:00 p.m.

ADJOURNMENT: There being no further business before the Council, a motion to adjourn was made by Member Fitzpatrick, seconded by Member Rykhus. All members present voted in favor of the motion, and the motion was declared carried to adjourn at 7:26 p.m.
